It's free for the first scan and if you purchase a subscription, you'll receive one free scan per month.The technology on the table is the Powerpoint. Sometime in the past half-century, we've lost our desire for lists. Listening to today's TED Talk, it's clear that we have come full circle, and seem to have re-emerged a modern day Descartes. We don't make lists; we make presentations. We don't break things down into smaller and smaller parts; we have bullet points. We don't think things through; we take things out of context. That doesn't mean we don�

What's New In?
