Sony Xperia M2: Top 10 Features of Xperia M2 With the Sony Xperia M2, the company is offering a budget version of its flagship device, the Xperia Z1. Both devices are considered to be an elegant smartphone with an excellent camera, and it comes with some special features. Here's a look at the top ten features.

10. **A-Cam:** The Xperia M2 comes with an 8-megapixel camera that lets you to record videos. You can also get good pictures with its main camera.
9. **A-Motion:** The Sony Xperia M2 has 'A-Motion', an intelligent camera. You can use the feature to zoom in on the screen on a slow-mo video for better perspective. You also get automatic movement detection, which helps detect and adjust for walking and moving.
8. **PlayStation:** It comes with a gaming feature that allows you to play mobile games on your Sony Xperia M2. You can get a bundle of the gaming feature and the camera; however, the bundle isn't offered with all of the phones.
7. **Stamina Battery:** The device has a 1430 mAh battery, which means you can use it easily.
6. **FM Transmitter:** It comes with an FM transmitter that allows you to broadcast voice, music and other notifications in your phone.
5. **Waterproof:** The Xperia M2 comes with a built-in water resistant feature.
4. **Standby Display:** The Xperia M2 has a standby display that can show you notifications. The function is similar to Android Wear.
3. **Powerbank:** You can charge other devices using the powerbank feature.
2. **Dual SIM:** It comes with a dual SIM slot that lets you use the device with a SIM and SIM.
1. **Smart AMOLED:** It has an AMOLED screen that doesn't have a backlight, which is quite different from the LCD screens. The screen is coated with a layer of conductive glass, which means that it is responsive to touch.
